Who We Are

UNICON is a global consortium of business-school-based executive education organizations. Its community of member organizations is engaged in accelerating the development of leaders and managers, thereby enhancing performance in public and private organizations globally, through executive development initiatives.
What We Do

UNICON’s primary activities include conferences, research, benchmarking, sharing of best practices, staff development, information sharing and extensive networking among members, all centered around the business and practice of executive education.
UNICON Antitrust Policy

UNICON is bound to comply with United States antitrust laws and in keeping with EU and other global guidelines. Antitrust laws are intended to ensure fair, honest, and vigorous competition in the marketplace. These laws prohibit conduct that will reduce or diminish the intensity of the struggle among competitors, on the one hand, or, on the other, increase that struggle by unfair means so that only a single competitor is likely to survive, resulting in a monopoly.
UNICON Antitrust Policy

The following topics or areas of discussion shall be prohibited in all UNICON conferences, meetings, proceedings, breakouts and all informal gatherings:

- Prices charged
- Discounts offered
- Pricing trends
- Anticipated prices
- Terms and conditions of sale
- Compensation
- Benefits offered
- Cost margins and markups

Bruin Benchmark.

- Remain curious, ask questions, defer judgment and seek out diverse perspectives.
- Continually expand and update what you know about your clients, your competitors and your field.
- Run scenarios, build a strategy, implement accurately, apply the lessons learned. Repeat.
- Ask the right questions, think critically, consider your purpose and let the evidence guide you.
- Listen well, do what you say, build teams, create allies, develop talent, offer your best self.
- Reflect often, connect the dots, share your insights, push your boundaries, keep raising the bar.
